Physical Description				
<p>Lucien is a young man of 20 and still looks quite boyish, with a slender frame (150 lbs) and only 5'8" in height. He has a mop of dark brown hair above a pair of inquisitive hazel eyes; his skin is fair with a light freckling across his nose and cheeks. Lucien prefers not to wear heavy clothing or armour, rather opting for</p> <p>Background</p> <p>Grew up on the streets of the city of Greyhawk.</p> <p>His mother waited on tables in one of the more salubrious establishments in the red-light area of the city and he never knew his father.</p> <p>Unfortunately his mother died while he was still a young boy, for a few months he made his own way begging and scrounging from those that had so much more, a few missing tidbits would go unnoticed. It was not long before he was taken in by the local guild, where he became most proficient in filching, burglary and the like. His talents soon had him in under the eye of the guild superiors and he was only too happy to receive their fatherly attention along with 'special' training.</p> <p>Lucien was well satisfied with his position but still he had a deep need to find who sired him.</p>		Other Assets
